As we are heading towards August it might be time to do a little tidy on any hedges that are causing problems with pedestrians. Just need to be careful as there could be some late nesting birds?

If have a gravel drive that spills onto the path please could do a quick sweep to put it back on your drive .

There is a 1/4 allotment that's come available if any one is interested

We welcome Sarah Wiles to our council. Sarah has a great deal of experience on committees and will be very helpful to the council

Open Gardens 2026: Share Your Beautiful Hindolveston Garden!
Remember the wonderful Hindolveston Open Gardens event three years ago? It was a fantastic success, raising a brilliant £1,000 for charity and it brought so much joy to everyone who visited. As you're enjoying your garden right now, seeing it burst with colour and looking its absolute best, why not consider being part of this special event again in 2026? Imagine sharing your passion and beautiful blooms with your neighbours and visitors, all while helping to raise money for our community/charity.

No matter the size or style – whether you have a sweeping lawn, a charming cottage garden, or a wildlife haven – we'd love for you to think about opening it up next year. It's a wonderful opportunity to connect with fellow garden enthusiasts and showcase the incredible gardening talent we have in Hindolveston.

There's no need to commit at this stage! Just let the idea take root as you relax in your lovely garden this summer. I'll be sharing more information and details on how to get involved in early Spring 2026.

In the meantime, happy gardening!
